

What do engineers build?

"No, no Frankie," replied Bradley in his best explaining voice.

"Engineers do not build elephants!"

They build A and B
and C and D and..."

©Jon Evans

What did Bradley tell Frankie in the story about what engineers do? Fill in the missing gaps by ticking the right answer for each letter

Gap A

- 1. pens
- 2. fish
- 3. dams

Gap B

- 1. bridges
- 2. toys
- 3. hats

Gap C

- 1. clothes
- 2. roads
- 3. pets

Gap D

- 1. bubbles
- 2. tunnels
- 3. trees

Did you know? Beavers build their dams to create a pond of deep, quiet water, where they can build their home or lodge. The dam slows down the flow of the river, so that the beavers' home does not wash away.
